Product Catalog

Our Services

Modular service packages are available to suit your needs:

Core Products: Patented SIMTIFUL brand electric fans and toothbrush sterilizers.

Product Development: New product planning and development based on market trends.

Technical Solutions: Advanced product packaging and integration solutions.

Brand Customization: Complete proprietary brand UI and visual system solutions.

After-Sales Support: Professional service and rapid technical response.

Competitive Pricing: Highly competitive prices based on superior quality.

We value every cooperation opportunity, regardless of size. Let's create value together.

Manufacturing Strength

Factory Facilities: 8,731 m² factory | 1,200 m² office area | 650 m² showroom

Warehouse Management: Finished products, parts, and semi-finished products are stored in designated areas in an orderly manner

Production Capacity: Over 5 million units per year

Core Equipment: 12 injection molding machines, 5 pad printing machines, 3 injection molding lines, 8 assembly lines

Innovation and Intellectual Property

Patent Portfolio: 10+ Invention Patents, 12+ Utility Model Patents, 78+ Design Patents

Continuous Innovation: 10+ New Patents Annually

Brand Ecosystem: Owns 8 proprietary trademarks, 7 of which are established B2B OEM/ODM service brands

Certifications and Compliance

Our products meet international standards, ensuring their widespread popularity in major global markets and possess the following certifications:

Management System: ISO 9001, ISO 14001, ISO 45001

Safety Certifications: IEC/UL 60335, EN 60335, CE, FCC, CB, GS, ETL

Environmental Compliance: RoHS, REACH, ERP, Energy Star

Regional Certifications: UKCA, RCM, KC, PSE

Trusted by leading global brands

we are honored to partner with : BRUNO (Japan), NOME (China), Prixton (Spain), iRiver (Korea), Franklin (USA), Owtech (Japan), HAAN (Korea), HKEX (Hong Kong Stock Exchange, China), kiu (France), Marriott Bonvoy (Global), Home Center (Landmark Group, UAE), Startechno (China), Sony Pictures (Global) and more.

About Us

Simtiful Technology Co., Ltd.

WHO WE ARE

Philosophy: ACT SIMPLY, ACHIEVE MORE.

Sihuiwei is an agile, F2B supplier specializing in electric fans and toothbrush sterilizers. With 22 years of experience providing OEM services to leading global brands, we possess proven quality and efficient processes. Our own brand, SIMTIFUL, offers faster delivery cycles, greater flexibility, and direct value delivery—helping you regain control of your profits and market influence.

Our Promise

Since 2004, we have been providing integrated home appliance solutions to global retailers and consumer brands. From household fans to hygiene-focused disinfection products, we have become a trusted, reliable, and agile partner in our respective market segments. We collaborate deeply to understand your market needs, ensuring that every product meets stringent standards of safety, functionality, durability, and aesthetics. Our team is dedicated to delivering a superior user experience and end-to-end supply chain support.

STB-016
Toothbrush
sterilizer

STB-016 UVC/Fan/Heating

- **Materials:**
Environmentally friendly ABS/electronic components/silicone
- **Product dimensions:**
224*55.8*28.6mm
- **Battery voltage:**
3.7V
- **Style/color:**
White/pink/blue/green (customizable colors)
- **Use time:**
~30 times
- **Packaging:**
USB/charging cable/product
- **Deep UVC LED 2-4 mW 40mA, Wavelength:**
270-275nm

UVC has high sterilization efficiency, the mini portable storage box is suitable for business trips/home/travel, 5 minutes for rapid disinfection and sterilization

STB-017
Toothbrush
sterilizer

STB-017 UVC/Fan/Heating

- **Materials:**
Environmentally friendly ABS/electronic components/silicone
- **Product dimensions:**
77*54.8*29.2mm
- **Style/color:**
White/pink/blue/green (customizable colors)
- **Product weight:**
50g
- **Battery capacity:**
500mAh/3.7 with protective plate
- **Battery voltage:**
3.7V
- **Packaging:**
/instructions/USB/
- **Charging time:**
Approximately 2 hours
- **Deep UVC LED 2-4 mW 40mA, Wavelength:**
270-275nm

UVC has high sterilization efficiency, the mini portable storage box is suitable for business trips/home/travel, Small and convenient to carry

STB-020

Toothbrush sterilizer

STB-020 UVC/Fan/Heating

- **Materials:**
Environmentally friendly ABS/electronic components/silicone
- **Product dimensions:**
7.5*54.5*29.2mm
- **Product weight:**
53.5g
- **Style/color:**
White/pink/blue/green (customizable colors)
- **Battery voltage:**
3.7V
- **Battery capacity:**
500mAh/3.7 with protective plate
- **Charging time:**
Approximately 2 hours
- **Packaging:**
instructions/USB/x
- **Deep UVC LED 2-4 mW 40mA, Wavelength:**
270-275nm

UVC has high sterilization efficiency, the mini portable storage box is suitable for business trips/home/travel, Small and convenient to carry

STB-021

Toothbrush sterilizer

STB-021 UVC/Fan/Heating

- **Materials:**
Environmentally friendly ABS/electronic components/silicone
- **Product dimensions:**
68*33*79mm
- **Product weight:**
54.5g
- **Style/color:**
White/pink/blue/green (customizable colors)
- **Battery voltage:**
3.7V
- **Battery capacity:**
500mAh/3.7 with protective plate
- **Charging time:**
Approximately 2 hours
- **Packaging:**
product/instructions/USB
charging cable/magnet
- **Deep UVC LED 2-4 mW 40mA, Wavelength:**
270-275nm

UVC has high sterilization efficiency, the mini portable storage box is suitable for business trips/home/travel, It integrates disinfection and a fan, enabling quick drying of toothbrushes

STB-022

UToothbrush

sterilizer

STB-020 UVC/Fan/Heating

- **Materials:**
Environmentally friendly ABS/electronic components/silicone
- **Product dimensions:**
80*60*33mm
- **Outer box dimensions:**
37*30.5*19.5cm
- **Quantity per box:**
100 pieces
- **Net weight/gross weight per box:**
8.4kg/8.9kg
- **Style/color:**
White/pink/blue/green (customizable colors)
- **Battery capacity:**
450mAh/3.7 with protective plate
- **Packaging:**
350g single copper color box/instructions/USB charging cable/magnet
- **Deep UVC LED 2-4 mW 40mA, Wavelength:**
270-275nm
- **Color box dimensions:**
69x31x83mm
- **Product weight:**
73g
- **Battery voltage:**
3.7V
- **Use time:**
~30 times
- **Charging time:**
Approximately 2 hours

UVC has high sterilization efficiency, the mini portable storage box is suitable for business trips/home/travel, disinfection + fan + heating three-in-one (heating function requires connecting to a USB charging cable), equipped with magnets that can be attached to the wall

STB-023
Toothbrush
sterilizer

STB-023 UVC/Fan/Heating

- **Materials:**
Environmentally friendly ABS/electronic components/silicone
- **Product dimensions:**
40mm*60.5mm
- **Product weight:**
48g
- **Style/color:**
White/pink/blue/green (customizable colors)
- **Battery voltage:**
3.7V
- **Battery capacity:**
400mAh/3.7 with protective plate
- **Charging time:**
Approximately 2 hours
- **Packaging:**
product/instructions/USB charging cable/
- **Deep UVC LED 2-4 mW 40mA, Wavelength:**
270-275nm

UVC has high sterilization efficiency, the mini portable storage box is suitable for business trips/home/travel, Fresh sterilization function: Long press the switch button for 2 seconds to turn on the device. The blue light flashes twice and then the sterilization function automatically starts. Place the toothbrush inside, shake the sterilizer, and the purple light turns on, indicating that sterilization has begun. The sterilization duration is three minutes
